A SHORT HISTORY OF THE SOUTH COAST AND MOJAVE DESERT (FORMERLY SOUTHEAST DESERT) AIR BASINS RELATIVE TO THE SIP

(Specific to the AVAQMD)

In the late 1950's Southern California was covered by several county wide air districts. These were Los Angeles County APCD, Orange County APCD, Riverside County APCD, and San Bernardino County APCD. Some or all of these county-wide entities made SIP submissions. The first set of these submissions are included in the general submission of "existing rules" on 02/21/72. The rules from this time period generally have two digits.

In 1975 (7/16/75) the Boards of Supervisors of Los Angeles, Orange, Riverside and San Bernardino Counties entered into a Joint Powers Agreement (San Bernardino County Agreement 75-449) which created the Southern California APCD. By the terms of the agreement the Southern California APCD acquired each county's rule book as the rules for that constituent county until they were changed. Over the next two years the Southern California APCD rescinded many of the old two digit rules and replaced them with three digit rules which applied in all areas. Many of these three digit rules were submitted as SIP submissions.

In 1976 the California legislature passed legislation which created the South Coast AQMD (Cal. Stats 1976, CH 324, pg. 815). This legislation was effective, by its terms, on Feb. 1, 1977. The legislation only covered the area included within the South Coast Air Basin. Outlying areas were not considered. The legislation also provided that the South Coast APCD was to take over the function and responsibilities of the Southern California APCD.

On Feb. 1, 1977 the California Air Resources Board (CARB) issued Executive Order G-73 which adopted a rule book for the outlying areas of the Southern California APCD which were not included within the new South Coast APCD. This rule book was submitted as a SIP submission on June 6, 1977. By its terms, Executive Order G-73 was only effective until other action was taken by the non-South Coast Air Basin areas. Such action occurred on Feb. 22, 1977 when the Joint Powers Authority was dissolved (See San Bernardino County Agreement 77-102). By the terms of the termination agreement each area retained the Southern California APCD rule book in effect on that date as its own rule book.

Meanwhile, the California legislature enacted legislation that allowed non-South Coast Air Basin areas in Los Angeles, Riverside and San Bernardino Counties to "opt in" to the South Coast APCD (Cal. Stats. 1977 Ch. 1195, pg 4005). This legislation was effective in 1978 and Los Angeles and Riverside Counties opted into SCAQMD while San Bernardino County did not. Thus, SCAQMD came to have jurisdiction and make SIP submittals for in both the South Coast Air Basin (SCAB) and the South East Desert Air Basin (SEDAB) in Riverside and Los Angeles Counties.

In 1993 the Mojave Desert Air Quality Management District (MDAQMD) was formed pursuant to statute in the San Bernardino County portion of SEDAB. The MDAQMD took over the jurisdiction, powers and duties of the former San Bernardino County Air Pollution Control District. In 1994 the MDAQMD, pursuant to an agreement with SCAQMD, added the Palo Verde Valley and City of Blythe in Riverside County to its jurisdiction. In 1996 CARB divided SEDAB into two new air basins. One was the Mojave Desert Air Basin (MDAB) covering the Los Angeles and San Bernardino County Desert areas formerly within SEDAB and a portion of eastern Riverside County Desert, excluding the Coachella Valley. The other new air basin, the Salton Sea Air Basin covers the Coachella valley, western desert Riverside County and Imperial County.

In 1997, pursuant to statute, the Antelope Valley Air Pollution Control District (AVAPCD) was formed. It has the jurisdiction over the MDAB portion of Los Angeles County and succeeds to the powers and duties of SCAQMD in that area. The legislation provided that the Rules and Regulations in force and effect were automatically transferred to the newly formed AVAPCD. In 2001 the AVAPCD was superceded by the Antelope Valley Air Quality Management District (AVAQMD). Once again all rules in effect upon the date of the transfer became the rules of the AVAQMD.
