

ANTELOPE VALLEY AIR QUALITY MANAGEMENT DISTRICT

# FY19-20 ADOPTED BUDGET

ANTELOPE VALLEY AIR QUALITY MANAGEMENT DISTRICT 43301 DIVISION ST., SUITE 206 • LANCASTER, CA 93535 661.723.8070 • www.avaqmd.ca.gov

# **Executive Summary**

This document presents the proposed budget for the Antelope Valley Air Quality Management District for Fiscal Year (FY) 2020. The Air District will continue to fulfill its mission and objectives through activities which focus on core and mandated programs, fiscally conservative internal controls, long range financial planning and the development of short and long-term sustainable approaches toward achieving cleaner air to protect the public's health and the environment.

The General Fund Revenue Budget, in the amount of \$1,935,540 is a projected 7% increase from the prior fiscal year actuals, due in part to a recommended 10% increase imposed January 1, 2019, and a proposed 9.5% increase on annual renewal fees and applications (Rule 301) effective January 1, 2020.

The budget for FY 2020 reflects the priorities established by Federal and State governments, and the AVAQMD Governing Board including maintenance and enhancement of Air District core functions as well as programs within the following key policy objectives:

## Key Objectives

- Community Protection Air Quality Grant Program (AB 617/134)
- Carl Moyer Program (CMP)
- Mobile Emmision Reduction AB2766/AB923
- Lawn Mower Replacement Program

BRET S. BANKS DEPUTY AIR POLLUTION CONTROL OFFICER

# About the AVAQMD

### INTRODUCTION

The Antelope Valley Air Quality Management District continues to successfully reach the industry and sources that may be affected by air quality regulations. A practice of routine inspections ensures compliance to local, state and federal air quality regulations. Proactive contact with local businesses has generated interest in environmental issues and increased compliance rates.

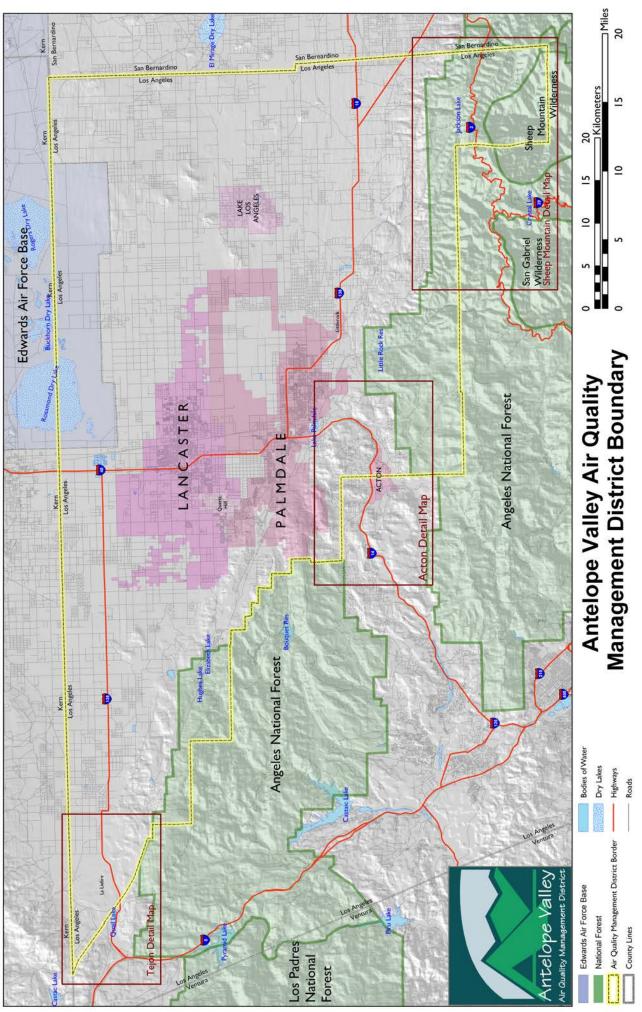

The District approaches air quality regulations in a manner that is responsive and accessible. Growth and new programs demand that the District continue to strive to streamline government, become more efficient, and conserve resources without limiting or decreasing the service provided to the regulated community. Several ongoing programs and projects, with their associated costs, address these efficiency issues.

### COMMUNITY OUTREACH

The District strives to be known throughout the community as a partner in the development of the local economy while protecting human health and the environment. This representation is achieved by providing information through participation in community events such as the Antelope Valley Board of Trade Business Outlook Conference, school education programs, and business opportunity forums.

### **AVAQMD Website**

Providing information to the general public may be the most important investment the District can make to impact the future air quality of the region. Using the internet allows the District to provide a contemporary medium to reach the public with the latest version of the District rulebook, application for permits and other forms, and air quality information, including forecasting and real-time air quality data. The site also has links to regional ozone maps found at http://www.avaqmd.ca.gov/

# AVAQMD GOVERNING BOARD

THE ANTELOPE VALLEY AQMD GOVERNING BOARD CONSISTS OF 6 MEMBERS.

Marvin Crist, Chair City of Lancaster

Austin Bishop, Vice Chair City of Palmdale

Ronald A. Hawkins Los Angeles County

*Steven Hofbauer District Supervisor Appointment* City of Palmdale

Ken Mann City of Lancaster

Newton Chelette Public Member

# What We Do

The AVAQMD works in partnership with the local communities to achieve and preserve a healthful environment through effective air quality programs by promoting community and individual responsibility for air quality while supporting strong-economic growth throughout the region.

- Adopt rules that limit pollution, issue permits to ensure compliance, and inspect pollution sources.
- Administer agricultural burning and dust plans to preserve the air quality in Antelope Valley, protect public health and safety, and to ensure agricultural activity continues in a safe regulated fashion.
- Inventory and assess the health risks of toxic air emissions.
- Monitor the county's air quality through the use of an air quality monitoring station.
- Administer the Motor Vehicle Emission Reduction Program funding projects which reduce air pollution from motor vehicles, and for related planning, monitoring, and enforcement.
- Prepare Clean Air Plans to identify how much pollution is in our air, where it comes from, and how to control it most effectively.
- Analyze the air quality impact of new businesses and land development projects.
- Respond to public complaints and inquiries.
- Work with other government agencies to ensure their decisions & coordinate with good air quality programs.
- Help individuals and businesses understand and comply with federal, state, and local air pollution control laws.
- Inform the public about air quality conditions and health implications.
- Issue permits to build, alter, and operate equipment to companies under our jurisdiction that either cause, contribute to, or control air pollution.

# AVAQMD PROGRAMS

PROGRAM DESCRIPTIONS

### PARTNERS

### US EPA

### U.S. Environmental Protection Agency

The sets nationwide air quality and emissions standards and oversees state efforts and enforcement.

CARB

### California Air Resources Board

Focuses on unique air quality challenges by setting the state's emissions standards for a range of pollution sources including vehicles, fuels and consumer products.

### **COMMUNITY RELATIONS AND EDUCATION PROGRAM**

The Antelope Valley Air Quality Management District conducts public information and education programs in order to fulfill the requirement of the California Clean Air Act of 1988. The task is to inform the public about air pollution, its sources, health effects on humans, and damage to the environment. Education is provided on methods of control and to encourage individual means of reducing pollution.

The programs are targeted to many audiences: academia, the general adult population, elementary to college level students, as well as business and industry. This information uses brochures, public reports, public workshops and conferences, presentations, exhibits, and other multimedia promotions. In addition, press releases, press conferences and air quality forecasts are provided to the local media on an ongoing basis as a means of keeping the public informed.

### AIR QUALITY MONITORING PROGRAM

Air Quality Surveillance participates in an ambient air monitoring and meteorological network to track air quality trends with an air monitoring station in Lancaster. The station is part of the State and Local Air Monitoring System (SLAMS) network.

A computer operated data acquisition system collects daily and real time levels of pollutants. These data are reported to the California Air Resources Board (CARB), Federal Environmental Protection Agency (EPA), regulated industry and the general public. This information is also used to provide pollution episode forecast and notification to school systems and the general population in the event of harmful levels of pollution.

"Low-cost" air quality sensors are an attractive means for local environmental groups and individuals to independently evaluate air quality. The AVAQMD will implement the installation of air quality sensors in specific areas within its jurisdiction to evaluate the performance of these devices while providing additional qualitative air quality data for various areas in the region.

This program provides grants to projects that reduce emissions from mobile sources (and other limited categories). Funding for the grants include AB 2766 funds (four dollars assessed by the District's Governing Board and collected by the California Department of Motor Vehicles on motor vehicle registrations) as may be periodically allocated by the Governing Board and all funds under the Carl Moyer Program. Calls for projects, eligibility determinations, and Governing Board award are all part of the process that makes funds available to the region for qualified emission reducing projects.

### **MOBILE SOURCE EMMISION REDUCTION PROGRAM**

Funds collected under AB 923 allows air districts in state non-attainment areas to adopt an additional two dollar surcharge on motor vehicle registration fees to be used strictly for incentive-based emission reduction funding programs. The use of the additional fees is limited to projects eligible for grants under the Carl Moyer Program, the purchase of school buses under the Lower-Emission School Bus Program, light-duty scrap or repair programs and unregulated agricultural sources.

Carol Moyer Grant Program Funds are distributed by the California Air Resources Board for projects obligated by the District under this state regulated program. Projects are awarded on a formula basis according to specific criteria and cost effectiveness.

### **STATIONARY SOURCES**

One of the District's primary responsibilities is to process applications for permits in accordance with all applicable local, State, and Federal regulations. These permits are required for projects that propose industrial and/or commercial processes that have a potential to emit or control an air contaminant. The wide range of requirements applied depends on the type and size of the proposed project. District staff provides technical reviews of official documents, such as test reports, risk assessments, EIS/EIR's, as well as technical assistance to permit applicants, other

agencies, and manufacturers. The District implements and manages:

**Title III & V Programs.** The Title III program is the federal toxic program specifically for Title V facilities. Title V (EPA Regulation) is a Federal Operating Permits Program required by the 1990 Clean Air Act. This program requires the District to develop and implement a Federal

Permitting Program approved by the Environmental Protection Agency (EPA) for sources of a certain capacity.

**Emissions Inventory.** This program to maintains an active inventory of the sources of criteria air pollutants within the District and measures progress towards attainment and maintaining compliance with National and State Ambient Air Quality Standards. State and Federal Law require this program.

**Toxic Emissions Inventory.** (Air Toxic "Hot Spot" Information and Assessment Act of 1987) This program assesses the amounts, types and health impacts of air toxics produced from stationary sources.

The District's responsibility is to protect the health and welfare of the public by assisting the regulated community in complying with Federal, State and Local regulatory requirements. This responsibility is carried out through various programs and activities:

# COMPPLIANCE Comprehensive annual (for most) inspections are performed to verify compliance to air quality regulations Investigation of citizen complaints pertaining to air related matters Legal case development when necessary to address non-complying situations Federal Asbestos Demolition and Renovation Program State-mandated Variance Program Continuous Emissions Monitoring Programs Reporting to the Environmental Protection Agency's AIRS and significant Violator programs Source testing or stack sampling is the process that evaluates the emissions for industrial facilities to determine compliance with permit conditions.

### PLANNING & RULE MAKING

The District promulgates rules and plans in accordance with State and Federal attainment and maintenance planning requirements in order to achieve and maintain regional compliance with the various ambient air quality standards.

Planning staff serve as the District liaison with regional, State and Federal governments, ensuring District compliance with applicable requirements and significant developments. Planning staff also perform California Environmental Quality Act (CEQA) review and comment functions in the District's role as the expert agency for air quality. Staff in Planning and Rulemaking implement and maintain the following programs:

- California Ambient Air Quality Standards Attainment Planning, as codified in the California Clean Air Act and subsequent state legislation. This program currently focuses on the California ozone standard.

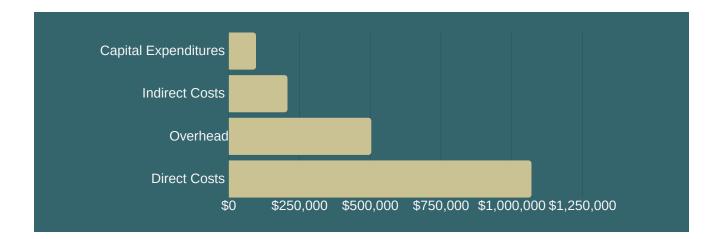

- National Ambient Air Quality Standards (NAAQS), as codified in the Federal Clean Air Act, the Clean Air Act Amendments and subsequent Federal legislation. This program currently focuses on the National onehour and eight-hour ozone standards, the National 24-hour, annual PM10 standards, and National 24-hour, annual PM2.5 standards.

- Federal General and Transportation Conformity, entailing regional project review and comment
- California Environmental Quality Act (CEQA), requiring local and regional project review
- National Environmental Protection Act (NEPA), requiring local and regional project review

# **REVENUE ANALYSIS**

# **56%**

Permitting revenue for FY20 is \$997.5k up 16% from the previous fiscal year due to a 10% fee increase Jan 2019 and new sources. Permitting revenue, applications, fines & penalties, and interest revenue make up 56% of operating revenue.

Since 1991, local governments have received AB 2766 funds to implement programs to meet requirements of federal and state Clean Air Acts, and for implementation of motor vehicle measures in the AQMD Air Quality Management Plan (AQMP). AB2766 revenue makes up 33% of operating revenue.

State revenue included I the FY20 operations budget includes revenue from the Portable Equipment Registration Program, AB617, and state subvention and makes up 11 % of operating revenue.

# **SUPPORT STAFF**

### **EXECUTIVE OFFICE**

The Executive Office is responsible to the Governing Board for the general administration and coordination of all District operations and programs, including those programs mandated by the Federal Environmental Protection Agency and the California Air Resources Board. This office monitors state and federal legislation affecting the District and advises the Governing Board on actions required to protect the interests of the District.

The Governing Board, with seven members, meets monthly and members receive \$100.00 stipend per meeting plus travel expenses. The Hearing Board, with six members, meets as needed and members may receive \$100.00 stipend per meeting plus travel expenses. The Rule Development Committee meets periodically with members of District staff and permitted facilities.

### **LEGAL COUNSEL**

Special Counsel to the Governing Board serves as general legal counsel to the Governing Board, the Air Pollution Control Officer and the District, providing general public agency legal services regarding the Brown Act, the Political Reform Act, California Environmental Quality Act, as well the Administrative Code, contracts, personnel matters, civil actions, and related litigation. District Counsel also provides legal advice and opinions on mandates specific to air districts such as the Federal Clean Air Act, California air pollution control laws and air quality rules and regulations. District Counsel exercises authority to bring civil actions in the name of the people of the State of California for violations of various air quality laws and regulations. The District Counsel also represents the District in actions brought before the Hearing Board.

Special Counsel to the Governing Board also analyzes legislative bills proposed in the California Legislature that may impact the District, proposes strategies, and provides information to the Governing Board regarding such legislation.

### **ADMINISTRATIVE SERVICES**

The Administrative Services office provides financial, administrative and personnel management services to the operating divisions of the District. The office prepares the annual budget and controls expenditures by providing information regarding expenditures and the availability of budgeted funds. The office also purchases equipment and supplies. Invoices for a variety of fees are issued, collected, deposited and accounted for through the Compliance and Permit System (CAPS). This office also manages the District's computer information systems, risk management, fleet and facility management, and fixed assets.

# CONTRACT WITH THE MOJAVE DESERT AQMD

PROGRAM STAFF: 15,080 HOURS • 7.25 FTE • \$1,275K

**PERIOD** JANUARY 1, 2016 - JUNE 30, 2021

### **TERMS AND CONDITIONS**

The AVAQMD contractS with the MDAQMD for administrative and operations services as necessary to enable AVAQMD to meet the regulatory and legislated responsibilities of an air quality management district for compensation consistent with all applicable laws and regulations. This agreement is pursuant to the provisions of Title 1, Division 7, Chapter 5, Article 1 of the California Government Code (commencing with §6500).

On a monthly basis or as necessary, the MDAQMD shall deliver to the AVAQMD an invoice for materials and services provided. The invoice shall include a description of the materials and services provided.

# **FUND BALANCE**

The Antelope Valley AQMD Fund Balances are designated according to Governing Board Policy 07-01, summarized in the following: Committed, Restricted, and Unassigned. The Unassigned Fund Balance is the representation of the net resources not allocated to the categories described above.

### **COMMITTED FUND BALANCE**

\$561,762

The amount is equivalent to 30% of the Operating Expenses. The fund may be increased to provide protection against uncertain economic times.

### **RESTRICTED FUND BALANCE**

Mobile Emissions Reduction Grant (AB 2766) Fund

These funds are collected on motor vehicle registrations (\$4 each) in the Antelope Valley region. Funds are "allocated on a competitive basis to local government entities and other organizations capable of effectively using funds to reduce mobile emissions." A Work Plan adopted by the Governing Board provides the grant program guidelines.

Incentive Based Emission Reduction Funding (AB 923)

These funds are collected on motor vehicle registrations (\$2 each) in the Antelope Valley region beginning October 1, 2005. Funds are granted by the Governing Board for specific projects as allowed in the Health and Safety Code §44229.

Carl Moyer Grant Program Funds

These funds may be distributed by the California Air Resources Board for projects obligated by the District under this state regulated program. Projects are awarded on a competitive basis.

### MINUTES OF THE GOVERNING BOARD OF THE ANTELOPE VALLEY AIR QUALITY MANAGEMENT DISTRICT LANCASTER, CALIFORNIA

### AGENDA ITEM

PAGE 1

**DATE:** May 21, 2019

**RECOMMENDATION:** Conduct Public Hearing to consider the proposed AVAQMD Budget for FY 2019-20: a. Open public hearing; b. Receive staff report; c. Receive public testimony; d. Close public hearing; e. Continue to the meeting of June 18, 2019 for adoption.

**SUMMARY:** A Public Hearing is required to receive comments regarding the proposed AVAQMD Budget for FY 2019-20.

**BACKGROUND:** The budget process includes a presentation to the Governing Board with staff recommendations for programs and projects for the new fiscal year. In addition, opportunity for public comment is incorporated into the process and is required by law.

The Budget for Fiscal Year 2019-20 was published on April 18, 2019 and a notice was advertised in the local publication and mailed to each permit holder. The proposed budget was posted on the District's website and will be presented for adoption on June 18, 2019.

The budget includes anticipated revenue to be derived from a proposed 9.5% fee increase. The fee increase is well within the provisions of Health & Safety Code 42311(a) and falls within the exemption found in Article XIIIC 1(e)(3) of the California Constitution.

**REASON FOR RECOMMENDATION:** Opportunities for public comment about the District's proposed budget is required by statute.

**REVIEW BY OTHERS:** This agenda item was approved as to legal form by Allison Burns, Special Counsel on or before May 21, 2019.

**FINANCIAL DATA:** There is no additional financial impact resulting from this presentation and public hearing.

**PRESENTER:** Bret Banks, Executive Director/APCO
