DUST CONTROL PLAN CLEARANCE CHECKLIST / QUESTIONNAIRE (AVAQMD Rule 403)

Use of this checklist is to determine whether a Dust Control plan is required for the project identified below. If a Dust Control Plan is NOT required, then the applicant and permitting agency should retain this form to verify compliance.

Will the land use agency permit applied for involve one of the following:

Yes No Any on-site mechanical activities in preparation of or related to the building, alteration, rehabilitation, demolition or improvement of property, including, but not limited to the following activities; grading, excavation, loading, crushing, cutting, mowing, planing, shaping or ground breaking, that is five (5) acres or greater.

Yes No Will this site be used for any of the following: mining operations, commercial solar facilities, concrete crushing, pavement recycling and landfill operations and/or continuing operations with Disturbed Surface Area of five (5) acres or more.

NOTE: If "yes" is marked for either of the questions above, the applicant **MUST** submit a Dust Control Plan before AVAQMD clearance can be granted.

I declare that the requirements listed above are not applicable to this project and that this work does not require compliance with the provisions of AVAQMD Rule 403 (D)(1).

I certify that the above information is true and correct.

Signature of Owner or Contractor _____ Date _____
